Friday, June 7, 2019

7:30 am - 3:30 pm

Danbury Hospital – Creasy Auditorium

Target Audience	Pediatricians, Family Practitioners, APRNs, Physician Assistants, Nurses, and Medical Students.
Objectives	<ol style="list-style-type: none"> 1. Develop new skill sets based on recent pediatric advances in a wide variety of specialties. 2. Identify evidence-based data to support improved outcomes in pediatric healthcare delivery. 3. Improve the management of a variety of diseases with implications for clinical practice.

Accreditation: This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) by Connecticut Children's Medical Center (Connecticut Children's). Connecticut Children's takes responsibility for the content, quality, and scientific integrity of this CME activity. Connecticut Children's Office of Continuing Medical Education designates this live activity for a maximum of 6 *AMA PRA Category 1 Credit(s)*TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Conflict of Interest: All faculty participating in Continuing Medical Education activities sponsored by Connecticut Children's are required to disclose to the program audience any actual or perceived conflict of interest related to the content of their presentation. Program planners have an obligation to resolve any actual conflicts of interest and share with the audience any safeguards put in place to prevent commercial bias from influencing the content. The activity director and planners, including speakers Drs. Alyssa Bennett, Nicholas Bennett, Charles Castiglione, Melanie Sue Collins, Susan Dellert, Christine Finck, Sidney Hopfer, Angela Verardo, do not have a financial interest/arrangement or affiliation with any organizations that could be perceived as a real or apparent conflict of interest in the context of the subject of this presentation. Planner and speaker Dr. David Weinstein has grant/research support from Vitaflor, Ultragenyx, Generation Bio, Logic Bio, Moderna, Global Center for GSD, and Children's Fund for GSD. Dr. David Weinstein is an unpaid consultant for Ultragenyx (Scientific Advisory Board, Clinical Advisory board DTX-401), Vitaflor (Clinical Advisory Board, GLYDE Study), and Dover Life Science. Drs. Bennett, Bennett, Castiglione, Collins, Dellert, Finck, Hopfer, Verardo & Weinstein, will not be discussing the use of any off-label product.

This CME activity has no commercial support associated with it.
